

LIFE SCIENCE FIELD TRAINING INSTITUTE

JUNE 20 - 24, 2011

Registration Deadline is June 14!

GOALS: To offer to educators a multi-day field science experience in order to strengthen field-based investigations in their teaching and improve student performance. This **5th annual program** will introduce participants to a variety of terrestrial and aquatic habitats as various topics in the biological and environmental sciences are explored, including general ecology, population dynamics, community interactions, field sampling techniques, endangered species conservation, biodiversity, water pollution, resource use and biostatistics.

***** Attendees receive 35 hours of professional development hours. (NJDOE registration #3327)**

***** Three (3) graduate credits are available for this course through Rutgers University-Camden.**

WHEN: June 20 - 24, 2011. Monday - Friday, 8:30a.m. - 4:30 p.m. Lunch and refreshments provided daily.

WHERE: Bishop Farmstead (Pinelands Preservation Alliance HQ), Southampton Twp., Burlington County.

Program Highlights (*subject to change*):

- Exploring abiotic and biotic parameters in ecosystems
- Use of biostatistics
- Canoe trip and investigation of aquatic habitats of the NJ Pinelands
- Resurrection of taxonomy – field journals
- Transects and vegetation analysis
- Biodiversity and community ecology
- Species area curves and population dynamics
- Tour of the Rutgers University Pinelands Field Station
- Merging field exercises with service projects

Who Should Participate?

- Teachers interested in complementing existing Life Science courses or developing Advanced Placement Biology and Environmental Science Programs.*
- Facilitators of science independent study or honors projects in science.
- Math educators interested in incorporating field data sets in the classroom.
- Interested educators needing Professional Development Credits.

*Advanced Placement Program and AP are a registered trademark of the College Board, which was not involved in the production of, and does not endorse, this product.

COST: **\$50.00 deposit (refundable upon course completion,** includes meals and course materials)

***** This program is underwritten by the Bonazzi Foundation for the Promotion of Science Education. Go to www.bonazzifoundation.org for more information.*****
